(S/NF/SG/LIMDIS) Following are the perceived highlights from each source.

- (S/NF/SG/LIMDIS) Source A: SG1A

-- The target [REDACTED] is a man who wears loose fitting garb or clothing. Conceptually, his soul is that of a hunter and he has a dark side to his nature. A light haired mature woman who wears her hair up is associated with this man. He has been around a mountainous region at some time in his life. He has also been associated with small planes at some point. Illegal activities include smuggling from the South or Central America for money.

- (S/NF/SG/LIMDIS) Source B:

-- The target is currently preparing a small fishing vessel. He is personally involved with the on-sea aspect of this particular operation. He is well groomed and wears his hair in a pony tail.

-- He has an American companion with him; this person is a very large man with a bushy, reddish-brown beard. This American is pre-occupied with something hanging off of the dock and down into the water.

-- The vessel feels like a somewhat old wooden fishing boat. The back portion of the boat is open and there is a dearth of ancillary objects present i.e. benches, bait holding tank, fishing nets, pulleys, etc.; the usual inventory found on a small time commercial fishing boat.

-- The outward of the appearance of the vessel is deceiving as to its performance level. The exterior is very run down looking with large areas of peeling paint. It used to be white but numerous previous layers of paint are visible. The engine and propulsion system of this vessel is the opposite; it is high performance, well maintained and much faster than what is normal for this type of vessel.

-- The target knows that he is under surveillance but is extremely "cool" about it. There is an area within this particular harbor where a number of derelict boats are "parked". He plans on losing his "tail" by maneuvering among these boats.

-- I sense that this trip will be very soon; maybe this coming weekend (29-31 July).

- (S/NF/SG/LIMDIS) Source C:

-- Target is a male individual who may be suspected of carrying on illegal activities. Individual may be a drug dealer or a drug runner. This male is heavy set and has broad shoulders. He has long, dark hair. He is a member of a drug cartel. He may also be carrying illegal weapons. He is working in Columbia and Mexico. He has much information on the drug business and is very much wanted by law enforcement agencies.
